

NEGOTIATIONS NEWS, ISSUE 2

The second negotiating session with the BOR took place on March 2, 2016. With the General Assembly just beginning to work on the state budget, it was agreed that we would negotiate non-economic matters first.

Language and process changes were discussed at this session, including:

- Reflection of the establishment of the BOR in the contract
- Review of the side letters to the contract
- Notice of new bargaining unit hires
- Position openings
- Change in assignment of professional staff
- Professional development
- Sick leave bank
- Sabbatical leave
- Promotion

Our conversation was productive on these matters and progress was made.

The next Negotiating Session is scheduled for March 14.
